

Room Signage Solutions

Take control of your meeting spaces with the ONELAN Reserva range. The Reserva range eliminates the distraction, confusion and frustration caused when two meetings are scheduled in the same room.

ONELAN's Reserva Room Signage solution offers a compact and attractive integrated digital room sign with optional multi-touch functionality. Content is dynamically linked to your calendar system e.g. Microsoft Exchange to ensure content is updated in real time. Room availability, current meeting information and a summary of future appointments are all clearly presented.

Why choose Reserva?

- ◆ Available in a range of screen sizes
- ◆ Content can be customised with bespoke branding (optional)
- ◆ When used with ONELAN CMS/ Publisher any other HTML5 content can also be displayed on the digital room sign
- ◆ Wi-Fi connectivity
- ◆ Landscape or portrait
- ◆ Interactive features
 - Book appointment from screen
 - Extend appointment from screen
 - Manage no shows with check in to appointment
